We are proud to host Susana's 6th workshop in NMI! Susana Miller is the preeminent teacher of Argentine Tango in the Milonguero Style, a term she coined to introduce *tango apilado* to students around the world. Milonguero Style is a synthesis of Susana's studies over the years of the unique dancing styles of the older milongueros. She has a gift for deciphering their distinct vocabularies and choreographic combinations, and for transmitting these to her students.

Tango Milonguero/Apilado is a rich and complex form of subtle body signals that profoundly respects tango's rhythms while emphasizing musicality, the connection between partners, and a compact choreography that creatively employs the limited space of the social dance floor. (This is what you need to dance in Argentina and at major U.S. festivals!)

Susana is a native of Buenos Aires and has been dancing and teaching tango since the late 1980s revival of social tango. She founded and operates her own tango academy in Buenos Aires, at one of B.A.'s most popular tango clubs, El Beso. She has made annual teaching tours to the United States and Europe since 1994. Susana is cited as a master teacher by many prominent teachers/dancers, and her teaching has impacted innumerable students of this beautiful dance. **Don't miss this very special weekend!**
